

TRY ANNUAL REPORT 2021-22

BRIEF DESCRIPTION OF THE ORGANISATION

TRY was established on 22nd April 2004 as a centre of excellence, supported by the community and Government of Bihar. The National and State wise mandate of TRY is to promote environmental awareness. TRY as committed Organization, having a multi-disciplinary approach towards development, is committed to ensure that due recognition is given to the role of Environmental Education in the promotion of sustainable development. We develop innovative programmes, educational material, build capacity in the field of Urban development and Climate change projects for sustainable development.

The driving force behind TRY is Mr Utpal Dutt, a development professional who has been working in the field last 17 years and is known for coordination, social mobilization, partnership & networking, with marginalized & underserved communities and Partner Agencies. Liaison /advocacy with Govt. official at district and state level and Partner Agencies is another area of strength. He has excellent communication & interpersonal skills including ability to operate effectively across organizational boundaries with an exceptional ability to establish working relations in a multicultural and multi ethnic environment. Having hands on practical knowledge of training, Operation, implementation, management, monitoring & evaluation. Research, monitoring and analysis as per the organizational requirements are other abilities of him.

Having a decade of experience in the development sector, and organizations with UNICEF, WHO, ICDS, MI as well with local NGOs, the organizational structure of TRY is driven from this experience. TRY is prominently working in Tribal Rural Areas and transforming community through DMFT PMU and MESO Hospitals, shaping the future of youths through skill development & vocational Courses in several ITIs, Education through EMRS and specifically focus towards LGBTQ community with Target Intervention projects and Main Streaming HIV Awareness including Blood Donation Project across 24 Districts of Jharkhand are some of our prominent projects.

The organization structure of TRY is broad based with the communities it is working with, "TRY" is defining the parameters of planning, review and evaluation and monitoring process. The community members form the main body of volunteers, coordinators and supervision. The role of TRY is that of facilitators and catalyst of change and development. Coordination, communication are efforts that go beyond projects and programmes which are approved and implemented.

TRY ANNUAL REPORT 2021-22

MISSION AND VISION

17 Years ago Mr.Utpal and their team started a nationwide Environmental Awareness. He is driven by the belief that all Community and children – whoever they are, wherever they are – have the right to a healthy, happy & fulfilling life. And the belief that changes is within reach, if we have courage, determination, imagination and good organization. We know change is possible. TRY experience in changing children's and Community lives for the better in the past decades is the foundation for what we do today and tomorrow to build a better future for children and Community.

Our Mission

To inspire breakthroughs in the way the world treats children and Community, and to achieve immediate and lasting change in their lives.

Our Vision

A world in which every child and Every Human attains the right to survival, protection, development and participation.

TRY ANNUAL REPORT 2021-22

DESCRIPTION OF THE PROJECT

- 1.1 Name of the Project: Planning & Monitoring Unit (PMU)-District Mineral Fund Trust (DMFT), Latehar**
Duration of the Project: 2021 onwards

DMT Project Background

District Mineral Foundations (DMF) are statutory bodies established by the State Governments by notification. They derive their legal status from section 9B of Mines and Minerals (Development and Regulation) Act, 1957 as amended on 26th March, 2015 as Mines and Minerals (Development and Regulation) Amendment Act, 2015. This amendment came into force from 12th January, 2015. Each DMF is a trust established in the mining affected districts across the country. The objective of DMF is to work for the interest of the persons and areas affected by mining related operations in such manner as may be prescribed by the State Government, from time to time.

Project Overview

TRY has been engaged as PMU- DMFT, Latehar having mission statement to work for the welfare and development of mining affected communities.

Vision- "alleviate the adverse impacts of mining on communities and environment, and create sustainable development opportunities for current and future generations".

PMU-DMFT implemented various welfare and developmental projects in mining affected areas, mega skill flagship project, food processing unit, solar cold storage and several other developmental on ground projects. PMU overall strategic intervention created transformational change in overall ranking of aspirational Latehar district, at present it stood 4th rank district in Jharkhand.

TRY ANNUAL REPORT 2021-22

1.2 Name of the Project: Operation, Maintenance and Management of MESO Hospital (Tigra, Ranchi and Gando, Dumka)

Duration of the Project: 2020 Onwards

MESO Hospital Project Background

TRY also engaged in Healthcare Management Services since 2009, with the mission of providing specialized tertiary medical care services at affordable prices to underserved communities across the country. Our Health Care Management Service recognizes the problem that fraud and other deliberate or accidental misconduct in the health care industry pose to society, desires to take a leadership role combating fraudulent practices within the industry, and seeks to eliminate them completely. TRY has been selected for operation, maintenance and management of Tribal Welfare Rural Hospitals at Ranchi & Dumka locations.

Project Overview

TRY provides free of cost quality health care to the underprivileged, especially tribal population. The Project aims at developing Tribal Welfare Rural Hospitals as First Referral Unit (FRU) in the state. The Authority targets at bringing in private sector efficiency for operation and management facilities as per Good Industry Practices. We at TRY Healthcare believe that the journey of success needs forces of passion & dedication. These are imperative for growth and quality performance and we want to evolve as a corporate with a 'consciousness'. TRY Healthcare also aims at being the pioneer in changing the perception that quality healthcare provided by private hospitals is beyond the reach of common man, with choice of cost-effective care and a wide range of services and facilities to choose from. Tigra & Gando MESO unit has been widely appreciated for healthcare services to tribal community during COVID 19.

1.3 Name of Project: Jharkhand Academy of Industrial Skills, Palajori- Dumka and Jharkhand Academy of Health & Beauty ITI, Ormanjhi- Ranchi

Duration of the Project: 2020 Onwards

Ek Kadam Udaan ki Ore-

Project Background

ITI (Industrial Training Institute) allotted by Department of labour Employment and training (Government of Jharkhand) in PPP mode

Location: Dhanbad & Ranchi

Project Overview

To impart technical knowledge in various trades to the young boys and girls who have just passed their 10th standard and want to have some technical knowledge instead of going for conventional higher studies. The main objective behind the opening of ITI's is to provide technical manpower to the fast-emerging secondary sector i.e., industrial sector of the developing and developed economy. These young ones are trained in basic practical skills required to do jobs in the industry like that of a fitter or lathe operator.

1.4 Name of the Project: Jharkhand Skill Development Mission Society (JSDMS) Government of Jharkhand) in PPP mode

Location: Dhanbad and Hazaribagh

Duration of the Project: 2020 onwards

Project Background

The Jharkhand Skill Development Mission Society (JSDMS) represents the Government of Jharkhand's vision to establish Mega Skill Centre in various districts of Jharkhand. Their ultimate goal is to convert them into centre of excellence that target skill-training for specialized sectors, like Manufacturing/ Strategic Manufacturing, Agriculture and Food Processing, Electronics, Telecom, IT and ITES, Handicrafts and Handlooms, Banking, Financial Services and Insurance (BFSI), Housing, Hospitality, Retail, Tourism, and Apparels, Textiles and Garments.

They got us, TRY Skills, on board to help turn that goal into reality, as we bring our proven track-record in adding valuable skill to people's lives.

Project Overview

TRY Establishing, maintaining and managing the Mega Skill Centre. Enabling a skill capacity of training 3000 to 5000 beneficiaries per year (both residential & non-residential training). Providing and executing training courses as per the industry requirements, along with certification. Maintaining a strategic breakup of providing skill to at least 50% of candidates for wage-employment, and 20% for self-employment. "The Mega Skill Centre will be a landmark venture in India's quest in bridging the skill-deficiency gap in the market. We, at TRY Skills, are proud to play a part in this."
